

SIRAJDEEN R

Java Full Stack Developer

+91-6374428936 | [linkedIn](#) | deens329@gmail.com | [Github](#)

Summary :

Enthusiastic and detail-oriented professional with foundational experience in Human Resource Management Systems, supporting core HR functions such as employee data management, attendance tracking, payroll support, and system configuration. Demonstrates a quick learning curve, strong problem-solving skills, and the ability to adapt to both technical and functional HR environments. Passionate about optimizing HR workflows through technology and contributing to efficient, people-first solutions.

PROFESSIONAL EXPERIENCE:

Java Full Stack Developer

Sphinxax Info System, Aminjikarai, Chennai

Feb 2025 – Oct 2025

Contributed to the enhancement and maintenance of an **HRMS** (Human Resource Management System) package, working across both front-end and back-end layers in a collaborative, agile environment.

Key Responsibilities & Contributions:

- Enhanced HRMS modules using **JSP, HTML/CSS, JavaScript, Ajax** for better usability.
- Maintained back-end features with **Java Spring Boot** for employee on boarding, leave, Attendance, reporting, etc.
- Optimized **SQL queries in PostgreSQL** and performed schema updates to support new features.
- Deployed updates on **WildFly Application Server**; handled configuration, validation, and log troubleshooting.
- Worked under **MVC architecture** with coding standards.
- Partially migrated the HRMS product's front-end from traditional HTML/CSS/JS to React.js to improve performance, maintainability, and scalability.

Tech Stack: Tomcat, Servlet, JSP, Java, Spring Boot, HTML/CSS, PostgreSQL, WildFly, React.JS

Full Stack Development Intern

PCS Soft Solutions Pvt Ltd

Sep – Oct 2024

- Gained hands-on experience with **Node.js** for back-end API development.
- Built and styled web pages using **HTML5, CSS3, and JavaScript (ES7)**.
- Assisted in integrating front-end components with back-end services.
- Worked on database operations using **Mango DB**.

Technical skill:

- HTML - HTML Syntax & Semantics, HTML Forms & Input Types, HTML5 Features
- CSS - Responsive Design, CSS Framework, Grid, Animation and Transitions
- JavaScript - DOM manipulation, event handling, callbacks, loops, asynchronous programming
- React.JS - Functional, Class Components, Hooks, React Router, props, Redux-Concept
- Java - OOP Concepts, Exception Handling, Multi threading, Collections Framework
- Spring-Boot- Micro-services, Security
- MySQL - Database Design, Queries, Stored Procedures.

Certification:

Java Full-stack Developer, Besant Technologies.

Jul 2024-Jan 2025

PROJECTS:

Book Store –Java, Spring Boot, Thymleaf, MySQL

[\(Github-Link\)](#)

Developed a web application for managing an online bookstore. The system enables users to browse, search, and purchase books, and provides an admin panel for managing inventory and orders.

CRUD – React.JS, HTML, CSS, JS

[\(Project-Link\)](#)

Designed and evolved a single-page web application using React.JS to perform Create, Read, Update, and Delete (CRUD) operations. The application features dynamic state management using React Hooks and seamless integration with Restful API for data persistence.

Portfolio website – HTML, CSS, JavaScript

[\(WebSite-Link\)](#)

Designed and advanced a personal portfolio website to showcase projects, skills, and achievements.

EDUCATION:

BSc – Information Technology – JP College Of Arts & Science, Tenkasi
CGPA: 7.9/10

2021-2024

SOFT-SKILL:

- Quick learner
- Problem-Solving
- Adaptability
- Teamwork Leadership
