SIRAJDEEN R

Java Full Stack Developer

+91-6374428936 | linkedIn | deens329@gmail.com | GitHub

SUMMARY :

Java Full Stack Developer with hands-on experience in developing and maintaining enterprise-level web applications using **Java, Spring Boot, React.js, JSP, REST APIs, and PostgreSQL**. Experienced in working on HRMS product development, including employee onboarding, attendance, leave, and reporting modules. Strong understanding of **MVC architecture**, database optimization, and application deployment on **WildFly and Tomcat servers**. Passionate about building scalable applications, writing clean code, and continuously learning modern full-stack technologies.

TECHNICAL SKILL:

Core Skills:

Java, Spring Boot, REST APIs, React.js, MVC, PostgreSQL, JWT Authentication, Git, Agile, SDLC

Frontend Technologies
HTML5, CSS3, JavaScript (ES6+), React.js, Redux (Basic), AJAX

Backend Technologies
Java, Spring Boot, RESTful Web Services, JSP, Servlets

Database
PostgreSQL, MySQL, MongoDB

Tools & Servers
WildFly, Tomcat, Git, GitHub

Architecture & Concepts
MVC Architecture, Microservices (Basic), OOP Concepts, Exception Handling, Multithreading, Collections Framework

Testing & Security

Basic Unit Testing, JWT Authentication, Input Validation

PROFESSIONAL EXPERIENCE:

Java Full Stack Developer
Sphinax Info System, Aminjikarai,Chennai | Feb 2025 – Oct 2025

Contributed to the enhancement and maintenance of an **HRMS** (Human Resource Management System) package, working across both front-end and back-end layers in a collaborative, agile environment. Key Responsibilities & Contributions:

- Developed, enhanced, and maintained enterprise **HRMS (Human Resource Management System)** modules using **Java, Spring Boot, Hibernate/JPA, JSP, JavaScript, HTML, CSS, and AJAX**.
- Implemented backend functionalities for **employee onboarding, leave management, attendance tracking, payroll support, and reporting modules**.
- Designed and optimized **REST APIs** to support seamless communication between frontend and backend systems.
- Improved application performance by **optimizing PostgreSQL queries** and updating database schemas to support new features.
- Deployed applications on **WildFly Application Server**, handled configuration changes, and resolved production issues through log analysis.
- Worked extensively with **MVC architecture**, ensuring adherence to coding standards and best practices.

- Contributed to **partial migration of legacy frontend code to React.js**, improving UI performance, scalability, and maintainability.
- Collaborated with cross-functional teams in an **Agile development environment**, participating in code reviews and feature discussions.
- Designed and integrated REST APIs consumed by frontend applications.
- Worked across the Software Development Life Cycle (SDLC) in an Agile environment.

Tech Stack: Java, Spring Boot, JSP, Servlets, React.js, JavaScript, PostgreSQL, WildFly, Tomcat

Full Stack Development Intern
PCS Soft Solutions Pvt Ltd | Sep – Oct 2024

- Gained hands-on experience with **Node.js** for back-end API development.
- Built and styled web pages using **HTML5, CSS3, and JavaScript (ES7)**.
- Assisted in integrating front-end components with back-end services.
- Worked on database operations using **MongoDB**.

PROJECTS:

Book Store –Java, Spring Boot, Thymeleaf, MySQL   (GitHub-Link)

- Developed a full-stack web application for managing an online bookstore.
- Implemented **user authentication, book browsing, search functionality, and order management**.
- Designed an **admin dashboard** for managing inventory and customer orders.
- Used **Spring Boot MVC architecture**, Thymeleaf templates, and MySQL database.
- Implemented input validation, exception handling, and secure data processing.

CRUD – React.JS, HTML, CSS, JS   (Project-Link)

- Designed and developed a **Single Page Application (SPA)** using React.js.
- Implemented Create, Read, Update, and Delete (CRUD) operations using REST APIs.
- Used **React Hooks** for state management and component lifecycle handling.
- Ensured seamless UI interaction and data persistence.

.

Portfolio website – HTML, CSS, JavaScript   (Website-Link)

- Developed a personal portfolio website to showcase projects, skills, and professional details.
- Implemented responsive design principles for better user experience across devices.

EDUCATION:

MSc - Cyber Forensic and Information Security, Madras University, Chennai. Present - Correspondence	2025-2027
BSc - Information Technology, JP College Of Arts & Science, Tenkasi CGPA: 7.9/10	2021-2024

CERTIFICATION:

Java Full-stack Developer, Besant Technologies.	Jul 2024-Jan 2025

SOFT-SKILL:

● Quick learner ● Problem-Solving ● Adaptability ● Teamwork Leadership
